

## WHO WE ARE

Next Step Solutions NY LLC is located in Nassau County, NY. Our goal is to help neurodiverse high school students, and their families, navigate the college application process, find the right support program, and apply to college.

Next Step Solutions NY offers a variety of services to High School students with Autism Spectrum Disorder, and other non-verbal learning disorders, to help navigate the college process. Our main goal is to ensure that every student finds the right college for them, with the support program they need.

## HIGH SCHOOL SERVICES

### College Planning

Next Step Solutions NY is here to help you identify what colleges are the best fit for you, based on your grades, finances, interests, personal preferences, and personality. We want to ensure that you are prepared for this major life transition, and you know what each school has to offer so you make the best choice possible.

### Find a College Support Program

Much like finding the perfect college, it is extremely difficult to find support programs that fit your needs. We have an entire database dedicated to college support programs, specifically designed to help neurodiverse individuals succeed. We will help narrow down which programs are best for you, and help set up on-site visits to meet with program administrators.

### Resume Writing

At Next Step Solutions NY, we will create a professional resume for you. We will sit with you, design and create your resume immediately so you can submit it to colleges and to any job you want to apply to! We have several resume styles to choose from, and we never use online templates.
